Musical Instruments**www.acmmi.org.au<https://www.facebook.com/groups/371139957395356>**Welte-Mignon**

The Australian Collectors of Mechanical Musical Instruments Inc aims to share interest in mechanical musical instruments, this includes Pianola, Ampico, Duo-Art, Welte and Recordo as well as Orchestrelle, harmonium and music boxes.

Membership fees are \$40 per year which includes a quarterly Bulletin emailed to you. The Bulletin includes articles of interest, meeting details and general information. Those interested should download the Membership Form at www.acmmi.org.au.

There are 4 meetings a year and the dates are published in the ACMMI Bulletin. Meetings are generally at 3:00 pm on a Saturday, venues are usually in the greater Sydney area or the Blue Mountains private homes and commercial organisations involved in mechanical music.

For Sale (via eBay) replacement Tabs and Roll Leaders

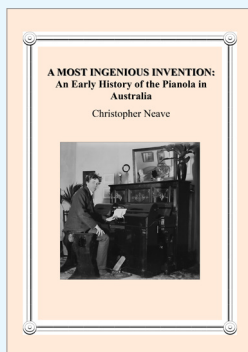

Leaders supplied pre-printed in colour on 80gsm offset paper and will be trimmed to shape (i.e. they will be cut tapered to a point, you will not have to trim them). Other brands also available.

Tabs are supplied diecut to shape on white self-adhesive polyester. "D-shaped" rings are supplied to complete the assembly (see images at left). sold in 10's, 20's

A Most Ingenious Invention: An Early History of the Pianola in Australia

This interesting book provides detailed information about the history of mechanical pianos and the industry that grew in Australia from Pianola technology. Perhaps of more interest is the rewarding and revealing glimpse into the society of Edwardian Australians as seen through their early adoption of the Pianola from the time of its arrival in Sydney in 1900. This is a well researched and entertaining book.

Limited numbers of the book are available at \$34 posted in Australia. To obtain a copy, please email neavec@tpg.com.au.
